THE HERALD is sorry to report the death of Miss Marcella Dougherty, daughter of Judge W. P. Dougherty, which occurred at the family home at Hidalgo, Friday night at 10 o'clock, and was buried Saturday morning. The young lady was aged 21 years and had been ill about three weeks. To those who have suffered this sad bereavement THE HERALD joins a large circle of friends in extending heartfelt sympathy.

Rev. Smith, of Palacios, new pastor of the Methodist Episcopal Church, South, arrived in the city Saturday afternoon, and preached two very interesting sermons at the post chapel Sunday. He is very pleasant gentleman and his sermons were listened to with pleasure by very good congregations. He family will come down in a few days. THE HERALD welcomes the good people to our city.

Benj. Kowalski says his foreman came down from the farm Saturday and reported everything looking splendidly. The only cause for complaint was that same one has been helping himself without authority to tomato plants, and several nice plants with good sized tomatoes on were found in the ditch. Mr. Kowalski says he will establish a shot gun quarantine and the next man caught in his tomato patch will carry off a supply of shot as a reminder to let other people's property alone.

To those who prefer ordering jewelry from catalog houses, we will furnish you with any article laid down in same, deliver it to you at home for 10 per cent less money than you will have to pay the catalog house. Why order you Christmas presents and send your money away, when you can save money by having your home jeweler get the same goods for you and save you money? Bring the cash with you, the same as you must do the catalog house and we will save you ten per cent or forfeit to you \$100 cash. Rutledge Jewelry Co. 11-24-12-2

A mammoth stalk of ribbon cane from the farm of P. E. Blalack was sent by express this morning to parties in Louisiana. The stalk was an exceedingly large one and will no doubt cause the people of the section to which it goes to open their eyes in amazement. The fact of the matter is this is given up to be the cane growing section of the United States, and the man who doubts it can find growing proof of the fact. Think of a country where 40 tons to the acre can be harvested and the cane does not need to be planted more than once every five years.

The Mexican National train due at Matamoros at 8 o'clock Saturday night, did not arrive in that city until about 2 o'clock Sunday morning, the delay being caused by a wreck at Arguelles, some 80 miles from Matamoros. From E. R. Jeffers, who was on the train, THE HERALD learns the wreck was caused in a peculiar manner. Two bulls were fighting beside the track, and in their ferocious struggle for the mastery one of them butted the other under the water tank behind the tender. Several yards of track were torn up, some cars badly smashed, but by good fortune no one was injured. The track was soon repaired and the train proceeded on its way.

Attempted Suicide.  
THE HERALD is informed that Miss Guadalupe Gojon, a young lady of this city, attempted suicide last night by taking arsenic. A physician was called and succeeded in counteracting the effect of the poison, although the young lady is still in a serious condition. It is not known why Miss Gojon desired to take her own life.
